Sums Insured and Underinsurance

Underinsurance occurs when you don't have the right level of insurance to meet the needs of your business. If it's incorrect, it could impact the amount you are paid if you make a claim. You should regularly discuss with your broker and assess how much insurance you need to correctly cover any acquisitions or alterations, changes to machinery and equipment or increases in stock levels or price fluctuations.

Insurance Act 2015

This policy is compliant with the principles of the Insurance Act 2015 law reforms. It also incorporates an 'opt out' which aims to promote good customer outcomes. We have opted-out of the 'proportionate reduction of claim remedy' available to insurers under the Act. This means that in cases of non-disclosure or misrepresentation which are neither deliberate nor reckless, if we would have charged an additional premium had we known the relevant facts, we will charge that premium and pay any claims in full rather than reducing claims payments in proportion to the amount of premium that would have been charged.

We believe that our 'additional premium approach' should, in most situations, be more favourable to our customers when compared to the proportionate reduction of claim remedy. Our additional premium approach does not affect our right to apply the other remedies available under the Act for non-disclosure or misrepresentation.

Cancellation Rights

This policy entitles you to a 14 day cooling-off period; your rights to cancel this policy at any time are unaffected.
